In an Emergency, Who Would They Call?

As a business/property owner who would the Fire or Police department contact if you were not available during a fire, break-in or any other emergency that requires immediate action during off-hours? Providing this information can offer peace of mind and enable the Fire or Police department to protect your property to the best of their ability.

Please complete this form and mail to Prescott Area Fire and Ambulance Association or email to dharris@prescottcity.org or jlaccase@prescottcity.org. Consider carefully the contacts you name to make decisions on your behalf. It is your responsibility to update the Fire and Police departments with any future contact changes. Thank you. And as always, please feel free to contact us with any questions or concerns you may have regarding emergency access to your business/property.
